# IN-HOME CARE VOLUNTEER AGREEMENT - MOV Animal Safe Haven

I agree that as a volunteer that I will provide quality care including but not limited to food, water, grooming, exercise and medical treatment as instructed and needed for the pets under my watch.

I agree to follow the instructions provided by the owner with regard to feeding, exercise, confinement, and medicating (if applicable). Including but not limited to amounts, frequency, schedule, etc. with consideration to flexibility in timing to be expected based on other commitments and responsibilities I have, I will try to meet schedule as defined to the best of my ability.

I understand that it is my responsibility to make regular and routine visits to the home and based on the animals under my care, visit at least daily (for cats) and at least twice a day for dogs to ensure they receive quality care and attention.

I understand that the owner or MASH will provide medication and supplies for the care of the pets as needed and as I make them aware of said need. This may include food, bedding, toys, collar and leash, etc.

I understand that I am to notify the MASH coordinator IMMEDIATELY in the event that the animals under my care become sick, injured or lost. I understand I am to provide medical attention at the approval and direction of the MASH Coordinator only. Veterinary care not approved and directed by MASH will be at my expense. All other medical treatment will be at the expense of the owner or MASH.

I understand that I am to provide weekly updates on the condition of the pets under my purview to the MASH coordinator and to the owner via the communications approach delineated for the client by the MASH coordinator.

If for any reason I am unable to continue to care for the animals under my watch, I will notify the coordinator immediately and preferably provide at least 24 hour notice if for some unforeseen circumstance arises that causes me to no longer be able to meet the requirements of this caretaking.

I understand that I will not be held liable or responsible for the condition of the animals under my watch before or after being cared by myself, but am responsible for providing the best care possible and keeping the coordinator informed of any problems or concerns I may have.
